

Dear Friend,

At Roice-Hurst Humane Society, more than 900 dogs and cats found new beginnings and renewed hope within our shelter walls (and foster homes!) in 2024 – and because of you, they are spending the holidays safe, warm, and loved. But we know that adoption is only the very beginning of a pet’s journey alongside their people.

With your support, the Animal Resource Center at Roice-Hurst helps owned pets stay with the families who love them. In 2024, your generosity made a lasting impact on both ends of the leash:

- **Crisis Pet Boarding:** 775+ nights of free pet boarding were provided to families in crisis.
- **Low-Cost Vaccination Clinics:** 600+ pets are now protected against deadly diseases like rabies and parvovirus.
- **Spay/Neuter Assistance:** 300+ pets will no longer contribute to overpopulation or suffer from preventable health issues.
- **Homeward Hounds:** 1,800+ collective nights of shelter were provided to people facing homelessness with their pets.
- **Pet Pantry:** 600+ families received free pet food and supplies to keep pets cared for through difficult times.

Thank you for being the lifeline that keeps families together, no matter the challenge. As a local nonprofit reliant on the kindness of our community, we can’t do it without you!

As the year draws to a close, will you make a final tax-deductible gift to help preserve the bonds between pets and their families in 2025?

With heartfelt gratitude,

Zebulon Miracle
CEO, Roice-Hurst Humane Society

MORE THAN A SHELTER

“When our house burned down, our cats, Alamosa, Buddy, and Socks, had nowhere to go. They are a part of our family, and we didn’t want to have to make the decision to rehome them. I went to Roice-Hurst, and there was hope there! The cats were put into the Crisis Boarding program, and Roice-Hurst even helped get them spayed while in boarding. It was amazing! Our son has some disabilities and Alamosa especially means a lot to him, so we really appreciated the Animal Resource Center when our family had a hard time. We are all doing well now and the cats are so spoiled!” – Andrea
